Applicant: Hamilton County **Project:** HPRP Reporting County

Homelessness Prevention - Other Risk Factors to be Used

For Homelessness Prevention activities, in Yes addition to HPRP eligibility requirements, are there other risk factors that will be used to determine eligibility and/or prioritization for homelessness prevention assistance?

If yes, identify the criteria to be used and provide a brief description, including how the criteria will be used (e.g. limited to only certain types of HPRP assistance or applied across all subgrantees and types of assistance) and rationale for why the criteria were chosen (limit 2500 characters).

In order to receive HPRP Prevention Assistance, a potential participant must call the Central Access Point (CAP) hotline to complete an initial screening. In addition to the HPRP eligibility requirements, the CAP Intake Specialists are screening clients with the following criteria: Has the client been a resident of an emergency shelter in the past two years as verified in VESTA (local HMIS)? Is the client newly unemployed (within the past year) due to the economic crisis (or did they just recently obtained new employment)?

We are not serving individuals who are classified as ¿chronically homeless¿ or who are participating in a supportive housing program (i.e. Shelter Plus Care, or other CoC housing programs).

The rationale for selecting these other criteria is that we are seeking to assist those most at risk of becoming homeless because of the economic downturn and those who are most likely to achieve and maintain stability with the short term financial and case management assistance. By limiting the program to families or individuals who have not stayed in a shelter in the past two years we are seeking to assist those who might be first time homeless and those most recently impacted by the economic downturn. Also, by serving those who have become unemployed in the past year and those who have been unable to secure employment we are addressing the needs of people impacted by the shortage of jobs available.

In addition to limiting the types of clients we are serving, we are limiting the types of services being offered by not offering motel/hotel voucher use for any participants. The rationale for not utilizing the hotel/motel vouchers is so that most financial assistance will be used for payments that will result in maintaining and stabilizing permanent housing.

HMIS Plan for Entering Data

Will beneficiary data be entered (or uploaded Yes at least quarterly) into a single HMIS at the grantee level in order to generate unduplicated data for "Persons and Households Served" questions in the QPR?

If yes, briefly describe the HMIS to be used and the plan to ensure data quality (completeness and accuracy)(limit 2000 characters).

The Cincinnati/Hamilton County Continuum of Care for the Homeless, Inc. (CoC) is administering the HPRP Programs for Hamilton County and the City of Cincinnati. The CoC has subcontracted with the established community HMIS provider, The Partnership Center, Ltd. to provide all HMIS required activities. The local HMIS system, VESTA, has been reprogrammed to all HUD specifications for reporting including the new HMIS Data and Technical Standards as required for HPRP. VESTA has also been programmed for the required Quarterly Performance Report (QPR) and annual Performance Report (APR) as required by HUD for reporting on HPRP.

All HPRP Prevention providers are entering information into one ¿program¿ in VESTA, in real-time ¿ so no applicant could receive services from two separate agencies. All HPRP staff is utilizing VESTA as both a case management tool and as a means for financial assistance requests. VESTA is programmed to meet the local HPRP program requirements for financial assistance requests such as receiving and storing scanned leases, eviction notices, disconnect notices, etc. Case workers are entering their case notes and services provided pertaining to housing stabilization into VESTA. The HPRP Coordinator offers oversight of the case management services and information entered in VESTA through bi-weekly peer review meetings and monthly supervision. The Partnership Center, Ltd also provides all software licensing for HPRP programs, user training for all prevention and RRH Program users, and data review and monitoring for accuracy.

If no, briefly describe the HMIS(s) and/or other comparable client-level database(s)that will be used by one or more subgrantees and the plan to ensure data quality (completeness and accuracy)(limit 2000 characters).

Authorizing Information and Certification

The Name of the Authorized Grantee Official should be the same as submitted in the HPRP Substantial Amendment, unless there has been a change.

Name of Authorized Grantee Official Patrick Thompson

Title/Position County Admnistrator

I hereby certify that all the information stated herein is true and accurate. I understand that HUD will prosecute false claims and statements and that conviction may result in criminal and/or civil penalties (pursuant to 18 USC 1001, 1010, 1012; 31 USC 3729, 3802).
